

WC - SANI

Technical Data Sheet

SYMBOL	pH
T-05	1

Washing-cleaning, acidic gel, designed for thorough and daily cleaning of the sanitary surfaces. Removes daily impurities of mineral origin (limescale, rust, soap stains). Adheres well to the vertical surfaces. Leaves a characteristic, antiseptic aroma. Polishes the surfaces without harming it. Recommended for sanitary rooms with a lot of traffic. Contains phosphoric and amidosulfonic acids.

APPLICATION:

- heavily exploited surfaces with visible mineral sediments
- toilet bowls, urinals, sinks, floors
- bathtubs, shower cabins, bathroom fittings, elements from stainless steel

COMPOSITION:

- < 5% anionic surfactants
- < 5% cationic surfactants
- Perfumes (Linalool)

CONTAINS:

- phosphoric acid
- Bis (2-hydroxyethyl) oleylamine

USAGE:

Before using, read product's safety data sheet.

- manual cleaning: 100-1000 ml / 10 l of water
- thorough cleaning: concentrate
- floors: 200 ml / 10 l of water
- sprinkler: 100-200 ml / 10 l of water

WC - SANI

Technical Data Sheet

Wash down with clean water and wipe it until it's dry.

Warning: Do not use concentrate on bathroom fittings or enmalled surfaces.

CLASSIFICATION OF THE MIXTURE:

DANGER

- Causes skin irritation.
- Causes serious eye damage.
- Very toxic to aquatic life with long lasting effects

- Wear protective gloves/eye protection.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- Immediately call a POISON CENTER/doctor
- Dispose of container to properly labeled waste containers in accordance with national regulations

SELL-BY DATE:

36 months from the production date.

Production date/series and expiration date are stated on the packaging.

ADDITIONAL INFORMATION:

Additional information can be found in safety data sheet.

Contaminated containers should be completely emptied. Several times rinse the container promptly after emptying. Empty container can be stored in containers for collection of plastic packaging, or can be delivered to specialized company for recycling.

Disposal should be in accordance with the national/international regulations
