SYMBOL	pH
P-12	14

Very effective product, designed for cleaning elevations, roofs and facades from tarry contamination (soot), dirt of the organic origin (plants, insects, putrid processes) and petroleum pollution (oils and grease).

APPLICATION:

- facades, elevations and roofs of all kinds
- lower parts of the car bodies
- wheels, wheel trims, wheel rims, wheel arches

COMPOSITION:

- 5-15% cationic surfactants
- < 5% non-ionic surfactants
- < 5% amphoteric surfactants
- < 5% phosphonates
- < 4% sodium hydroxide
- auxiliary substances not classified as dangerous.

USAGE:

Before using, read product's safety data sheet.

Use as water solution according to the level of the contamination of the surface.

1:5 – 1:10 (100-200 ml / 1 l of water):

Spread the product on the surface by sprinkler and then wash it with highly pressured water (about 100 bar). Wash it out with a warm water (70-80°C) for greater effect.

Small surfaces may be washed with medium bristled brush and hot water.
