Technical Data Sheet

SYMBOL	pH
T-44	14

Stain remover, designed for removing discolourations of gastronomic origin, such as: juices, alcohols, fruit-vegetable preparations and greasy stains, such as: oil, grease, fat. Eliminates non-pleasant odour of animal origin. Recommended for artificial textile surfaces, such as: polyester, polyamide, acryl, nylon, polypropylene, polyacrylate. May be used for cleaning heavily stained seats and rugs with Texwash product or it may also be used as a bleach or stain remover for natural fibers with durable colours. Recommended for removing bloodstains.

APPLICATION:

- artificial and natural textile surfaces with durable colours
- linen (bleaching)
- seats, rugs, upholstery

COMPOSITION:

- < 15% chlorine-based bleaching compounds
- < 5% sodium hydroxide
- < 5% cationic surfactants
- < 5% phosphonates
- auxiliary substances not classified as dangerous

Technical Data Sheet

USAGE:

Read product's safety data sheet before using.

Make a working solution according to its purpose:

- removing stains: 1:10 with water (10%)
- bleaching: 1:20 with water (5%)
- laundering: 1% Top Plam Clor + 4% Textil or Texwash

Apply the solution on the surface, wait for about 30 minutes, collect the dirt and wash the surface with vacuum washer.

For removing foam, use De-Foam product.

In case of splattering, quickly wipe plastic, wooden or metal elements.

Warning: This product must be used only on materials with durable colours.

Before using, test the surface durability.

Do not mix with other products. It may release dangerous gases (chlorine).

DANGER:

- Causes severe skin burns and eye damage.
- Very toxic to aquatic life.
- Wear protective gloves/protective clothing/eye protection/face protection.
- IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
- IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].
- Immediately call a POISON CENTER/doctor
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- Store locked up.
- Contact with acids liberates toxic gas.
