

## ALUX

### Technical Data Sheet

SYMBOL	pH
A-09	1

Acidic product, designed for periodic cleaning of the strongly contaminated elements from aluminum alloys, light metals and stainless steel. Removes mineral sediments, carbon deposit from brake pads and atmospheric dirt. Works instantly. Recommended for passenger cars and motorcycles.

#### **APPLICATION:**

- aluminum wheel rims and aluminum broadsides
- wheel trims
- chromed exhaust pipes

#### **COMPOSITION:**

- < 7% hydrofluoric acid
- < 5% amphoteric surfactants
- auxiliary substances not classified as dangerous

#### **USAGE:**

Before using, read product's safety data sheet.

Create a 1:3 - 1:5 solution with water. Spray the surface you want to clean and wash it with pressured water.

Warning: Product roughens glassy surfaces.

## ALUX

### Technical Data Sheet

#### **DANGER:**

- Toxic if swallowed or if inhaled
