

CLEAN UP CAR WASH

Technical Data Sheet

SYMBOL	pH
A-45	1

Highly concentrated product, based on inorganic acids and designed for chemical cleaning touchless car wash equipment that includes banners and elements from stainless and painted steel. Effectively removes sediments and dirt created during standard usage of the car wash: old and fresh wax stains, powders and other chemical mixtures.

APPLICATION:

- touchless car washes: equipment and banners
- painted and stainless steel

COMPOSITION:

- < 7% hydrofluoric acid
- < 5% phosphoric acid

USAGE:

Before using, read product's safety data sheet.

Create a 1:3 solution with water (thorough cleaning old contaminations) or 1:10 (daily cleaning). Spray the surface, wait a moment and wash it with highly pressured water (130-150 bar).

Warning: Product roughens glassy surfaces.

CLEAN UP CAR WASH

Technical Data Sheet

DANGER:

- Toxic if swallowed or if inhaled
- Fatal in contact with skin.
